

We just wanted to announce that we have joined with International HOSA and have become an officially endorsed partner with Right Response Fundraising.

Because everyone needs to have a first aid kit, this partnership could yield huge profits for our chapters. Right Response has created a variety of first aid kits to meet the needs of every family, individuals and businesses. The kits come in many sizes and most of the kits are compact enough to allow easy transport. They can fit in a glove box, purse, golf bag, backpack, picnic basket, or suitcase, and they make wonderful gifts too.

Any of our HOSA chapters that conduct a Right Response fundraiser will earn 50% profit, AND Right Response will make a donation to be used for scholarships for our HOSA students and also at the international HOSA level. This is a win-win-win situation for all. If you are looking for a fundraiser, this might be the one for you. We want to provide resources that might help you meet your goals. As with any fundraiser, please ensure you follow the proper channels through the local school system.

To get more information or to register to conduct a fundraiser contact:

Sandi Burgess, 201-450-4504, eastcoastfundraising@myrightresponse.com.
