AFFILIATION TIPS

- Make sure names are entered correctly (spelling, capitalization, etc.)
- How names are entered is how names will come out on name tags at all levels of competition
- Email addresses are important for everyone, access to apps for competitions could be affected
- DO NOT use school email addresses for students. Schools have firewalls that prevent students from receiving emails from HOSA. This could affect competitive events for your student. Also please do not use advisor emails for students. We had a student at ILC lose a wallet and had an advisor email address listed for them. Advisor was not there. Please also list student cell phone numbers.
- Please ensure that we have a cell phone number and an email address that you check regularly year round
- Advisors must affiliate themselves not just students
- Send all affiliation payments to International HOSA at the Texas address (DO NOT send anything other than affiliation fees to them)

AFFILIATION INFORMATION

**DO NOT use advisor or school emails,
phone numbers, etc for students**
